

PASSING THE SILVER BILL.

VOTING WITH WALL STREET.

MORNING APPEAL

TUESDAY, OCTOBER 25

TELEGRAPHIC.

Special to the APPEAL

A Brutal Outrage.

Cattanooga, Tenn., Oct. 24.—The little city of Dalton Ga., thirty miles from here, is in a tumult of excitement over the work of a mob of masked men. Shortly after midnight 150 mounted men appeared in the town from all directions and threw out a picket line. At a signal the circle closed in, capturing the policemen and rode to the cabins of two colored men. Jack Wilson was killed by a bullet and his wife badly beaten, and Tom Moyes was severely pounded. On a promise from the City Marshal to warn other colored families to leave town in ten days the mob departed, firing guns and pistols as they went. The best people in the town have raised \$800 to punish the ring leaders. A committee has been sent to interview Governor Northern.

A Frightful Disaster.

Philadelphia, Oct. 24.—A fast express on the Reading road ran into a coal train in the West Manayunk tunnel, resulting in frightful smash-up. A number of people were killed and the cars are burning. The number of killed is variously estimated at from 20 to 50. The R. R. officials decline to give any information, but it is believed there is small chance for the imprisoned people in the burning wreck.

Vesuvius Campaigning.

Naples, Oct. 24.—The crater of Vesuvius today was seen to emit smoke, and a dull boiling sound was heard under the ruins of Pompeii. Three natives who were hunting birds of plumage on the mountain side ran all the way to Naples through fright. One of them fell near the pedestal of the statue of Pliny and severely cut his cheek from the top of the right eye to the base of the jaw. The rumblings have ceased.

Found in the Ruins.

San Francisco, Oct. 24.—The body of a man was found this afternoon in the smoking ruins of the California Oil Works, which burned on Saturday night. It is supposed to be the body of Watchman May.

Got His Head Cracked.

Freemont, Neb., Oct. 24.—The night watchman detected a man trying to blow open the safe of the First National Bank. The watchman shot the robber through the head killing him instantly.

We Should Have Competition Here

San Francisco, Oct. 24.—There is a steamboat war between rival companies, between this city and Stockton, a distance of 150 miles. The passenger fare has been reduced to fifteen cents.

A Canadian Blaze.

Quebec, Oct. 24.—Fifty houses have been burned at St. Beupre,

and the fire is still raging. Several persons have been injured, and the loss is very heavy.

Mrs. Harrison Dying.

Washington, Oct. 24., 7 P. M.—Mrs. Harrison is unconscious and barely alive. She is passing away as if she were asleep.

Dawson and O'Connell.

San Francisco, Oct. 24.—The California Club is arranging a match between George Dawson and O'Connell of Boston, for a purse of \$3000.

ALL SORTS.

Send Folsom, Logan and Reynolds to the Assembly and they can work in harmony with the balance of the members—all of whom will be silver men.

If you want to see what a cold bluff Bartine attempted to run on the voters of Nevada, just read Stewart's open letter on the 1st page of this issue.

Taxes in Ormsby this year are lower than in any county in the State, being only \$1.60 for State and county purposes. The city tax is 60 on the \$100.

The scores made by the Carson Guards at their range Sunday last, were wonderful for so many men to secure. The first six men made an average of 45 and the first ten made a total of 444 out of 500.

General Weaver says: "Never mind the ruffians of the South, never mind the utterances of the Republican rowdies who drove Colonel Polk of North Carolina, and president of the farmer's alliance out of Kansas. Never mind the wrongs of the two corrupt old parties; stand firm for the right and for the cause of the people."

Card From T. J. Connelly.

TO THE EDITOR OF THE APPEAL:—Sir; the complexion of the Republican ticket of this county, so far as completed is enough to stamp its makers with public disgrace. With perhaps one exception, it is rotten from top to bottom; it is redolent of corruption and jobbery. Its fragrance will be sweet perfume to men who live by sharp practice. If by any means it should prove successful in November next, Carson will be filled with men capable of finding deeper depths of degeneracy, than have yet been exploited by a Nevada Legislature. I do not believe, however, that respectable Republicans will tamely submit to the insult imposed upon them.

They will resent being bidden by the bosses to vote for a man who has been caught tampering with a poor widow's chicken house. Respectable Republicans will not be dragged into giving their support to a ticket which has the names of men upon it, who can with difficulty read common writing.

The Republican bosses have given many blows to the self respect of members of the party, but they scarcely drag them to the polls to assist to the selection of such a man as Summerfield, for District Attorney of this county. Decent Republicans also expect candidates for the Legislature to have a better claim on them for their suffrages than the mere fact that they have been chosen by Bartine. Respectable Republicans ought not to submit to the outrage of returning the present sheriff to office. His record has been one of unbroken subserviency to the bosses.

T. J. CONNELLY.

Wall Street is Safe.

The New York "Journal of Finance" (Wall Street organ) says:

With either Mr. Harrison or Mr. Cleveland in the presidential chair, a free silver measure is safe from being made a law by the executive sanction. *** The people of the United States, moreover, are favored, too, in the fact that for four years more they need have no more fear that this wicked onslaught upon the nation integrity can find favor with the chief executive, for it matters not next November whether the successful candidate shall be General Harrison or Grover Cleveland, the plotters and the plunderers will meet an opponent who is neither a demagogue nor in sympathy with demagogues, nor yet to be cowed by demagogues. The United States is in no danger of free silver despoliation.

Silver Party Committee Meeting.

A committee meeting will be held this evening at the Silver Party headquarters over the office of the Justice of the Peace. A full attendance is desired.

By order of the Executive Committee,
M. D. NOTEWARE, Secretary.

The Tribune in Line.

Keep in mind, Messrs. citizens of Ormsby, that a vote for Logan, Reynolds, Folsom or Winnie is a vote for Wm. M. Stewart for U. S. Senator.—Tribune.

VOTERS ATTENTION.

On the first page of this issue is an open letter from Senator William M. Stewart to H. F. Bartine.

It will be found extremely interesting. The cartoon on this page explains the situation better than any editorial.

Burglars.

There are at present two burglars at large in this country and unmolessted by the police. They have carried on a systematic series of safe robberies which have extended to every important city in the Union. Some of these burglaries have been committed in broad day light, but most of them in the usual hour of the night. They have spoiled more safes in this country than any fifty other burglars who ever lived. They have both done time, but within the last two or three years have pursued their callings without any apparent effort of the authorities to bring them to justice. It is understood that these two eminent exponents of the cracksmen's art will divulge their propensity for getting into a safe without the usual formality of keys at the Opera House at an early date.

Bert G. Snow, the semi-tropical land cyclone passed through to Oakland last night from Virginia. It can be well said of Snow that he is never out of season. He will return in a week or ten days with his family and expects to locate in Carson. He is one of the most susceptible men on earth in the hands of a Pullman car porter and allows himself to be led to death by them. In consequence the Porters' Protective Society is now thinking of presenting him with a block of stock in the S. P. R. R.

Silver has risen an ounce in market value and the Nevada Harrison organs give this as a reason why voters should support their candidate. Silver is still 43 cents below its rightful place—43 reasons why honest silver men will support no gold-bag candidate for any office.

Senator Wolcott has struck the keynote of the campaign. He said in his speech in Pueblo last Saturday night that Harrison's election means the postponement of free silver legislation for four years. Are you ready to vote for this disaster?

By Special Request.
